HERE ARE A FEW ASTOUNDING EXAMPLES TO BE FOUND IN THE BOOK 1001 SUCCESSFUL VENTURES.

VIRGIN MARKET SELLING "GHOST" NOVELTY

Here a mere \$100 turned into \$28,000 the first year...for this beginner! You too can make it at home...in sparetime. Interesting, fascinating, novel. A happy project and your only investment would be some simple materials and tools. BBK-18-K44

BEAUTIFUL GALS & \$75,000!!

Beautiful women are a part of this idea. Can be worked out of the home. Bringing a bit of outdoors. . indoors. The originator started with \$100. Three other different operators have netted around \$55,000 or so...each...yearly...and they love the set-up! We are told that the simple work can be handled in about 15 hours per week! Find out how to get into this plan. BBK-10-J

MAKES A SMALL FORTUNE YEARLY BY "NOT ASKING"

A very, very valuable plan that we are proud to have discovered! One-of-a-kind, it's so good that it provides profits for three families (all partners in the project). It isn't known in other areas. So different that there isn't any competition! Originators have already operated this for 7 years yet it is probably virtually unknown elsewhere! Nothing to do with mail order and no merchandise sold and no inventory. While a fee should be charged, this plan has another unique method of payment that you'll never believe! BBK-7-2A

AVERAGE: \$400,000??

This is said to be the best investment around with the average enterprise operator clearing \$400,000 yearly. Many starters have gotten complete financing from certain sources behind this, who have been eager, we are told, to see more of these projects. If some readers give this a try perhaps their projects will be popular too! BBK-9K10

THESE ARE JUST A MERE HANDFUL OF THE TREASURE CHEST OF 1001 SUCCESSFUL VENTURES. THE VERY BEST OF 10,000 BUSINESS OPPORTUNITIES FROM MY 2042 NEWSLETTER.

LOOKING FOR THAT HOMEWORK PLAN?

Here is a home business so successful that it employs 30 other women in their homes! This is a stable, permanent, honest, sincere kind of homework. It is simple, uncomplicated and fills a real nice need. For those who aren't afraid of work this is something that operators usually find to be in great demand. So necessary that usually the few in this game find that they can't keep up with the demand! Actually it is novel in that it MUST be done at home by homeworkers! BBK-50-J

100 UNIQUES A DAY!

M.R. & his wife have an enterprise that turns out 100 odd items a day. But they get others in the area to do some of the work in their homes. It's a fascinating way...a certain way...of combining two regular things together and coming up with a unique item. Original — nothing else like it! So simple you'll be amazed how it fits together! They have a business that is growing and there should be plenty of room for others! BBK-77-W5

WORKING AT HOME AT A MOUNTAIN LAKE

MAKE UP SIMPLE "LISTS" (NOT MAILING LISTS)

You print these lists regularly. It's a little known venture...yet it is needed in many communities. Is there big money in this? Well, one operator has grossed over \$75,000 with the plan! Find out his secret! BBK-8-Y8

INCREDIBLE \$750 TO \$2,500 ON EACH SALE!

And out of this they clear about \$650 to \$2325 on each sale! It's a new kind of project, operated by two women. And these two gals had never been in business before! They seem to be on their way to a small fortune each year and with probably only 3 days work each week. BBK-70-X8

RENTING "ANGELS"

It's a telephone-mail order set up, plus the use of a few small ads. Some readers are bound to like this odd home-based or office-based project. The originator has discovered a surprising potential — an enormous market! Even though it means big money it could be operated by some of my readers from the kitchen table...or the Den. There's no merchandise or inventory to worry about and you don't have to leave home. BBK-51-Y40

\$5 to \$4300.00!!

S.W. was another layoff who had to find something different that would make money. He came up with a plan...a unique method...and with two ads that cost \$5 he was able to promote something old. In 30 days he was successfully on his way. In a year he was grossing \$4300 monthly! Some readers will like this very much! BBK-72-B22

NOW!! MAIL ORDER TO THE OVERSEAS MARKET!!

A new and available way to sell by mail order to millions of buyers in Europe & Japan. Up until now this has been something that has been hard to set up. It's valuable information, alright, for some of our MMC subscribers! BBK-42-Z11
