

THE FAMILY THAT PLAYS (& WORKS) TOGETHER . . . GETS RICH

The major need of some readers seems to be **MORE DETAILS**. But how can this be done in books that contain thousands of plans? One would need something like a set of encyclopedias! There are things to be said in favor of having a tremendous variety in **DIGEST** form. Many readers eventually find something they can work with and the larger the collection the more chance of stimulating the reader's own creative ability!

But . . . there is still that demand for **COMPLETE** detailed plans (my own personal selections).

THE ANSWER WOULD BE:

A *small elite* collection of truly *complete* business plans. But . . . a group such as this could build up to quite a value (several thousand dollars). Personal researching, detailing, editing, counselling could cost as much as \$500 for just **ONE** plan!

Are there plans really worth that much? A complete detailed plan can have such a price tag. Nowadays a consulting fee can be as high as \$100 an hour. If you really want **SUCCESS**, with someone else doing all the work, you usually have to **PAY PLENTY** for it!

Remember, we are talking about a possible fortune for **YOU**, not the consultant. It could mean a steady lifetime of profits & eventual sale of the business with a second fortune at the end of the rainbow!

I've been thinking about all of this for a long time and I have now come up with a way of giving a **GROUP** (less time & expense with a group) what they want. Even though I have just spent four long months collecting together a remarkable group of plans (my own personal selection) I see no reason to ask more for this treatise than the modest fee I have always asked for my books & newsletters. My **MMC** subscribers are going to get first crack at them!

While I have tremendous admiration for the moneymakers I have selected I still realize that this group of plans has not been developed for one person's exclusive selection and use. Still . . . let me stretch the truth a bit and place an "exclusive" value tag on the lot . . . and call the group "**THE \$3,000 BUSINESS PLAN(s)**".

It'll help dramatize the value, or potential value, of **ONE** plan or a **GROUP** of such plans! I feel that the material is so valuable that it deserves nothing less! In all sincerity I say to you that if this **GROUP** of plans had been exclusively researched & designed for one individual my price would have been **AT LEAST \$3,000!**

This is so startling that tests during the off season (when no one buys in this particular field) **SOLD OUT** in a few days (they'd have to wait for months before using)!!

Sells for \$3.98 but is so sneaky that customers are forced to (and delighted to) buy at least a dozen!! There is nothing like this . . . but a slightly similar item (not half as good) sold \$100,000 in mailorders at \$7 each! And for someone working out of his home.

Yes, this is a **HALF YEAR PROJECT** (you can loaf the rest of the year) or it can be a year round enterprise.

Mfg. sources given. It's lightweight & comes with own mailing carton. A happy experience that could last for years for a man & wife partnership.

And should you get that quick fortune you can easily have these curious things mfg. for your own exclusive use!

There are now recession & inflation businesses (unique & hard to find), and other unusual projects, that flourish and these are what you need in the years ahead!

My 46 years of selective ability are behind this . . . also my voluminous files that have contained as many as 10,000 unusual, successful ideas & plans! No one else has researched and discovered as many as I have!

LINE. THE FINAL
EXCITING PICK (THE
BEST TODAY, NOW)**

**HERE ARE A FEW
DESCRIPTIONS TO
WHET YOUR
INTEREST!**

PROVIDE A SERVICE NO ONE ELSE CAN. . . AND HAVE THE CUSTOMER DO MOST OF THE WORK!!

No wonder the customer is eager because it pays him his cost 10 times over!! No other kind of information like this and it can be started for a few dollars. Originator claims a gross of \$20,000 the first 6 months and \$80,000 next 6 months! Operating expenses as low as 15%!!

Few have succeeded in this odd field because they do not have a few **INSIDE SECRETS**. Without these "TRICKS" there is no success!!

Not legal ordinarily. . .AND THAT STOPS COMPETITION COLD!! But this plan has overcome that with 2 secrets, making it honest!! AND SUCCESSFUL FOR THE SURPRISED OPERATOR & CUSTOMER. So much so. . .that customers come back again and again.

The LUCKY FEW are making it in the "good life" with this. Why not change your life too?

THE MOST UNIQUE LIBRARY IN THE WORLD!!

You can be in touch with it daily. You can use data from this library and sell it to a waiting market. . .by mailorder!!

You re-arrange, select, delete and then offer something extremely valuable to your searching prospects. They will be very grateful, believe me! You can be well paid for your efforts. . .which are SIMPLE, really, but your clients won't know how you do it or how easy it is for you! \$25,000 yearly potential.

LOCAL CLASSIFI- CATION SERVICE BRINGS IN \$125 & UP FROM EACH HOMEOWNER!

Everybody needs it. . .nobody has it!

The perfect situation for a fortune making project. Even more perfect is the fact that no merchandise is sold and there is no inventory. You work out of your home a couple of times a day. . .with the aid of ads, mail & telephone. Minimum of \$250 a day possible.

This cute idea was started by two gals and is now very successful. It's probably one of the few being operated today!

Forget about hard labor and there are no installations either, or repairs. In fact it has nothing to do with the house itself. Clean, fairly simple. Some easy to get equipment needed. Start it with your son and turn it over to him later one. Mother-daughter partnership worked the same way, too.

TOUGHER THE TIMES THE MORE NEEDED IN THIS SERVICE!

99% order again the following year. . .which is unheard-of!! \$25,000 to \$40,000 a year for the originator!

Not mailorder yet originator received a \$60 check in the mail each month from each customer!

Hardly anyone knows about this but it has been tested for a couple of years. 7 out of 10 prospects closed! Get the work over with at the start of the year and then nothing much to do until another year rolls around!

One of the most unusual & valuable plans in the world, in my opinion!

PULLS IN A LOT OF MONEY FOR THE LUCKY ORIGINATOR! YET HIS CUSTOMERS ARE CHARGED NOTHING FOR WHAT THEY ARE BUYING!!

STILL, the "No Charge" arrangement gave him an estimated \$30,000 gross income every month. Now in its 8th year with unlimited potential for OTHERS!!

It's worked partly by mail & partly by telephone and centers around a unique printed piece. . .with the hard work done by the printer!

FAMILY MONEYMAKING

HERE ARE PROJECTS THE WHOLE FAMILY CAN OPERATE AND ENJOY AS A TEAM. . .AT HOME!

J.H. WANTED SOMETHING

To his surprise he found that he couldn't find it! So. . .he arrived at a decision that would actually change his life & perhaps YOUR LIFE too!

He decided to provide the set-up himself!

As a result \$50,000 poured in during the first five weeks!! Naturally he made his fortune and as far as I can learn no one else is using his idea today! Millions of potential buyers and they would repeat on this in the years to come!

J.H. carried no merchandise, he sold nothing but a simple magic printed form. An UNUSUAL TWIST allowed him to charge TWO TIMES for the same form. . .with no complaints from the customer!!

Remarkably SIMPLE. MIGHT BE FAILPROOF! Nothing so badly needed today. . .and the need is going to grow as life becomes more complicated, more hectic!

I know of only one other project in the U.S.A. today!! Samples shown, illustrations, the inside story.

NOW HE IS RETIRED

But this Texas originator made as much as \$20,000 a year before he did so. Now another operator has taken the same idea with a different twist and made much more! And there is a similar success lately by a Mr. & Mrs. M. And by a man in New England.

It's something needed. . .something common. . .something human and funny. AND PRESTO. . .ALL OF THIS IS CHANGED INTO SOMETHING VALUABLE!! Yet the market has hardly been touched. And why not? It's a rare mail-order occurrence with fresh new ideas!

THE MAILORDER ENTERPRISE YOU HAVE BEEN SEARCH- ING FOR!!

When they buy from you it's once a year. . . INSTEAD OF 34 TIMES YEARLY!!

It amazes, surprises, delights, awakens, startles your customers AND all of their friends & relatives!!

A potential fortune here because this is a FIRST!! Work with this delightful plan during the coming year and let me know how much you are making. Only one person working this. Wide open for years of happy operation!

Sample forms shown, also pictures, illustrations. Detailed simple steps outlined interestingly. You'll enjoy reading it all. With this plan some of my readers could have SECURITY. . .a private way of making money.

This is what I've been looking for.
